Flood Safety – 30 sec.

Flood waters kill more people nationwide than any other natural disaster. It takes only six inches of fast flowing water to sweep you off your feet. Two feet of water will carry away most vehicles including SUVs and pickup trucks. Never try to walk, swim or drive through flood waters. Turn around – don't drown. If a flood warning is issued, turn off utilities, move valuables to upper floors or higher ground, follow your family emergency plan, check your emergency supply kit and prepare to evacuate. For more information go to ReadyWisconsin.wi.gov.

LOCAL TAG: A message from _____.

ReadyWisconsin is an initiative of Wisconsin Emergency Management and the Wisconsin Citizen Corps Council.
